A WORD TO FARM TOILERS.

PAINE'S CELERY COMPOUND

The Home Friend of the Farmer and His Family.

After the labors and toils of the summer time, and harvesting of crops in the early autumn, many of our farmers, their wives, daughters, and sons, find themselves in a condition of health demanding careful attention if suffering is to be avoided later on. Many experience kidney wouble in some form; with some the liver is torpid; there is biliousness, nausea, and vomiting, with loss of appetite and depression of spirits. Thousands who have been exposed to cold, damp winds and rains while toiling in the harvest fields, now feel the twinges of terrible rheumatism; others run down by worry, overwork, and irregular dieting, are tormented with the pangs of dyspepsia. To the thousands of run down, sickly, and

half dead men and women in farm homes we the worker's friend, Paine's Celery Compound, the worker's friend, Paine's Celery Compound, the only medicine that can quickly and fully the only medicine that can quickly and vigor to the confine pauper. recommend with all honesty and confidence the muscles. Paine's Celery Compound tones the stomach; it removes poisonous acids from the blood which cause rheumatism; it feeds the weak and diseased nerves and banishes neuralgic tortures; it purifies the blood and gives true vitality and life. The use of Paine's Celery Compound in autumn means the estab-lishing of a perfect physical vigor to withstand the rigors of a severe winter.

> IN SPEAKING of the late Julian Sun says: "Mr. Ralph worked growth. from twelve to fourteen hours daily, often writing as much as seven columns for the press in one day. Those who knew him personally will ever store in the chamber of memory the face brimful of smiles, the eyes in which fairies were always playing, the hand-clasp that spoke so warmly, the depth of tears and laughter in the heart of one of the brightest, the cheeriest, the kindliest of men. He was one who never grew old. The sunlight danced in his steps."
